CLOUD STORAGE: we'll store your files in our "cloud space" for 30 days at no charge; after that period, the cost is \$5/month if you want them stored.

**Copyrighted recordings:** if you have home recordings to transfer — no problem. For copyrighted recordings which you have purchased, the law allows you to make ONE duplicate on a different medium (i.e. VHS to DVD). For such material -- we'll prepare ONE copy of your video for your own use, and return both recordings to you.
